Interesting places in Gliwice
On the main street in our city there is a Municipality. This building was built in 1928 and it was first used as a hotel, but since 1989 it’s a seat of officials.
THE THREE FAUNS FOUNTAIN

The fountain is placed in front of the building of municipality. It shows three dancing and holding hands fauns.
ZWYCIĘSTWA STREET

This street starts with a market and ends with railway station. It’s 900 meters long. There are many shops, over 30 banks, an apartment house and a hotel. Three years ago we were able to ride through this street by trams, but city council decided to replace them with the buses.
This building was built in 20th c. in neogothic style. It is one of the most beautiful places in our city, it has got oryginal lighting of main hall and stairways. It is entered in Silesian heritage.
In the central part of our city we have a park, which is named after a famous Polish composer - Frédéric Chopin. It is compared to New York’s Central Park, but much smaller. There are many trees and pathways, a monument and memorial for war victims.
In our city we have a fantastic palm house, where you can find many exotic plants from all over the world. Also there are special places for turtles and lizards, now it’s in the development, but soon we’ll be able to enjoy dolphinarium!
VILLA CARO

This historic mansion belonged to industrialist Oscar Caro. Now there is a museum, which shows how people lived over 100 years ago. In front of the building there is a sculpture of a big lion.
