

Gość z za wielkiej wody (5)

Od początku stycznia gościmy w naszej szkole praktykantkę ze Stanów Zjednoczonych, która prowadzi zajęcia w kilku klasach licealnych. Poniżej kilka słów napisanych przez nią samą.

My name is Melisandra Leonardos and I am from Berkeley, California. I am a graduate student at SIT Graduate Institute doing a teaching internship in Gliwice, Poland. For the past 15 years, I have worked for the University of California. I chose to do an internship in Poland because I wanted to teach students who speak a language that is new to me and I have always wanted to visit this part of Europe. The teachers and students at the school have been very friendly and welcoming and I will miss them when I go back home!
